Dear Dan:

We want to take this opportunity to offer you this letter of recommendation for the fantastic interior remodeling work you completed in our house this past fall. You provided some excellent ideas for expanding our kitchen and installing wainscoting throughout the dining room and hallway. The results were outstanding. You completed the entire job sooner than we anticipated and at a very reasonable price. We were very appreciative of that as well as your professionalism.

Please feel free to use us a reference if you so desire. Thanks again for your great work!

Sincerely,

A handwritten signature in cursive script that reads "Richard & Sharon Hendershot".
